

## Firestone Tire Survey

Bridgestone/Firestone is recalling approximately 6.5 million Firestone tires, most of them included as original equipment on light trucks and sport-utility vehicles manufactured by Ford. The recall includes all 15-inch Radial ATX and Radial ATX II (produced in North America - including Mexico) and all Wilderness AT tires with the product code P235/75R15 (produced in Decatur, Illinois).

If you believe you have tires that are being recalled, please complete the form below so the Division of Consumer Affairs has an accurate record of New Jersey citizens who may be affected by this recall.
